

Detox Cleanse Program

We offer a 5 day all liquid cleanse to alkalize & detoxify the body.

Using all organic living whole foods from the Earth that will awaken your entire body and also give your digestive system a break.

We are using only whole foods in liquid form made fresh, not supplements like heavy clays and intestinal cleansers.

You can cleanse and still go on with your everyday activities.

Each day you arrive at The Stand between 8am and 9am to pick up a bag with 6 numbered sealed bottles in it. There are full detailed instructions and a menu of all the ingredients. You only consume what is in the bag each day plus water and herbal teas if needed.

Our cleanse is a great way to make a healthy lifestyle change. Weight loss, clear skin and eyes, and increased energy level are some of the other great affects of our program.

Call now to ensure your spot!
